Dear Mrs. Grandy:-

Your card rec'd. Glad "Daddy" reached home safely and glad he enjoyed his visit as we were glad to have him. I hope he either saw something he liked down this way or was thoroughly disgusted but would much rather have had him found something he liked. I told Mama I didn't think he saw anything he liked but his meals and I think he was starved to them. Ha! Ha! The Mauske place we went out to see seemed just the thing to all of us for you folks but perhaps didn't appeal to him. I stopped in to see Mr. Burnell, the real estate man who has the renting of it and he wasn't in. If you folks don't want it, think I know some other friends who may. Mama says she wishes we had tried to get it instead of here, but we have quite a

comfortable place here. Yes indeed we would be glad to get a box of apples if it dosn't cost too much to send them. We had quite a few out on the ranch but ate those up baked, stewed etc. have only a few left and have made very little apple jam as yet.

Mama got home the Saturday night after Mr. Grandy left. She is waiting for another case now. Don and Janet are both teething and awfully cross. Janet is in her high chair fussing now and Don is pulling at my skirts fretting so you see how easy it is to write, but I have thought every day I would get at this, and to day decided I would write.

Wish you would reserve me about 25 or 30 lbs of your second grade nuts. I haven't the cash just now but will have I hope in a week or two and want some nuts for this winter. I haven't heard from my ex aunt and

am looking every day for some word, hoping that by the time Jan. 1st rolls around I'll be teaching the "Doyines" but it will be a surprise if I passed even though I do hope so. Janet has Paul by the hair and my but she is tickled! She has two more teeth coming and I guess feels awfully cross.

Giles is figuring on a big building - don't think he'll get it and hope he won't. He may get supt. in the job and that would be much safer and I believe just as profitable in the end. If "Daddy" were only here he could find plenty of work I'm sure. Giles works Sunday and all the week too.

Well I must close now and take care of the kids.

Love to one and all from all. Kiss Alice, Helen and Sae for

Jessie and Janet.

Excuse this paper, but I just appropriated Paul's tablet while he was milking.
